

FY 15-16 FUNDED PROGRAMS

\$2,631,647

FAMILY SUPPORT \$1,155,000

First 5 provides leadership, coordination and training for a network of funded and non-funded community-based family support programs, known as Family Resource Centers (FRCs) throughout the county that provide direct services and links to services for families. The FRCs support families to be emotionally healthy, to provide safe and nurturing environments for their children and to participate in their child's early learning. In addition, First 5 funded FRCs work in partnerships with Child Welfare Services and other agencies to prevent child abuse and neglect across the county through the Differential Response-Front Porch Project. First 5 also supports 2-1-1 access to families of young children and targeted funding to Emerald Wave for parent education to families speaking Mixtec.

Alpha Resource Center	\$ 47,960
Carpinteria Unified School District	\$ 66,665
Family Service Agency	\$ 306,777
Community Action Commission	\$ 166,666

Dept of Soc Svcs-Cuyama Fam Res Ctr	\$ 48,987
Welcome Every Baby	\$ 209,503

HEALTH INSURANCE & ACCESS FOR CHILDREN \$150,000

First 5 is committed to supporting the Children's Health Initiative to promote outreach and enrollment coverage for Medi-Cal, Healthy Families and Healthy Kids.

FIRST 5 PARTNERSHIPS

EARLY CARE & EDUCATION EDUCATION \$925,000

The First 5 Santa Barbara County Early Care and Education Division (ECED) collaborates with community partners to increase the availability of high quality early care and education services for all children in the county. First 5 staff and partners offer direct services to child care programs to improve quality through the Preschool and Child Care Quality Counts program. Which includes support for teaching staff to obtain higher education degrees and specialized training. First 5 also promotes greater access to high quality child care spaces through the Preschool and Child Care Expansion project, providing matching funds for scholarships and community-driven projects that increase the number of spaces available to low, moderate and middle income families.

Funded partners for 2015-2016:

Children's Resource and Referral of Santa Barbara County,
Santa Barbara County Child Care Planning Council.

Early Care and Education Quality	\$523,000
Preschool Expansion Project	\$300,000

CAPACITY BUILDING & SYSTEMS CHANGE \$170,000

The Systems Change & Capacity Building grants address the Commission's fourth goal which states that "Children and their Families have a system of accessible, community-based services and support available." These grants do not fund direct services, but instead assure that families and children have services that are accessible, and that these services are done in a high quality manner. In addition, services funded under this area increase and promote the importance of the first 5 years of life, increase the advocacy and commitment for the needs of children and families and ensure that services funded through First 5 are sustainable.
